STATE POLITICS.

BUTLER COUNTY.—The Republicans held their primary election on the 9th inst. For Congress, Ebenezer McJunkin had 1569 votes, James Kerr 914, and Thomas Williams 53. This result, however, will not defeat the re-nomination of Mr. Williams, who will have in conference the representatives of Allegheny and Armstrong in his favor, and those of Butler against him. Henry Pillow was unanimously renominated for Assembly, Thomas Gurvey and Joseph Cummins for Associate Judges, James B. Story for Sheriff, and James B. Clark for Prothonotary.

The following are among the resolutions adopted:

Resolved, That the Republicans of Butler county will cordially sustain Congress in its patriotic labor to protect and reward loyalty, to punish treason, and to secure, past all future contingency, the stability of the Union and of Republican institutions, by placing the reconstruction of the States lately in rebellion in the hands of the truly loyal men, to the entire exclusion of all who voluntarily labored to construct a Southern Confederacy.

Resolved, That we endorse the course of our able member of Congress—Hon. Thos. Williams—and will sustain him in his labors for the right, adorned as they have been, by learning, wisdom and patriotism.

John M. Thompson, Esq., Dr. Amos Rush, and Dr. Wm. Irvin, were appointed Congressional Conferees.

MONTGOMERY COUNTY.—The Norristown *Herald* heartily endorses our proposition that any man who holds an equivocal position on public questions shall not be counted among possible candidates for the United States Senatorship. It, also, names Judge Wm. D. Kelly for the place.

BLAIR COUNTY.—A. S. Morrow, E. Hammond, and A. M. Lloyd, are Republican Congressional Conferees—17th district—and uninstructed.

Samuel McCalmont is the Republican candidate for Assembly.

LEBANON COUNTY.—Colonel John W. Forney will address a Republican mass meeting in Lebanon borough, on the 21st inst.

SECRETARY MCCULLOCH has issued a circular to the officers he appointed in violation of law, requesting them to resign. He tells them he does this "reluctantly." No doubt of that. But the temper of Congress on that point was not to be mistaken or farther trifled with.

THIRTY-TWO of the most eminent Union men of Virginia have joined in a formal letter of thanks to the Hon. Wm. Pitt Fessenden for his masterly Report on Reconstruction. Real Unionists in all parts of the republic stand by Congress.

IT is stated that the President is now willing to surrender Jefferson Davis into the custody of the courts of law, but is not disposed to release him on parole or bail.

THE President has so far taken Mr. A. J. Rogers, Copperhead M. C. from New Jersey, into his confidence, that he appoints to office on his recommendation.

LETTER FROM ANAWAN.

The Monumental City—Grand and Exciting Scene—Out of the Shells Stamped Twice—Affecting Scene in the Cars,—Emigrants—The way They are Swindled—Amusements—Hot Weather, &c.

BALTIMORE, Md., June 13th, 1866.

Baltimore has long been noted for its numerous monuments, its grand, picturesque scenery, and last, but not least, its pretty women. At this season of the year it is truly grand. In monumental square, the Battle monument is the feature, a singularly constructed piece of mechanism, with transverse belts encircling it, bearing the name of some of the heroes of 1812, with date of battle, &c. On Charles street stands the surpassingly beautiful memorial of the Father of our country, the finest monument in the United States. From its parapet, a magnificent view is afforded the visitor, commanding the entire city and bay. Wilday's monument, on Broadway, next attracts the eye. The shot tower, the beautiful statuary, fountains, &c., all tend toward making a visit here agreeable and instructive.

Day before yesterday an exciting regatta took place at Ferry Bar, near the foot of Light street. It was the first ever had here, and of course it attracted an immense crowd. The water was literally covered with every description of sail, oar or steam, bearing the most grotesque group of "open countenances," mouth, eyes and ears, we ever beheld, while the streets in the vicinity of the boat-houses were filled to repletion. The first race announced was between the "Io," of the Ariel, "Ripple," of the Undine, and "Zephyr," of the Zephyr Club, all four-oared barges. While the Ariel, a six-oared shell, was pulling out, a swell from a passing tug swamped her. The crew so unceremoniously ducked were soon picked up, and the race was then proceeded with, the "Ripple" leading out and gradually gaining on her adversaries to the stake boat and return, making the two miles in 17 minutes 17 seconds, the "Zephyr" following about a minute later, and the "Io" close in her wake. The excitement was the most anticipated feature of the occasion, a contest between the six-oared barge "Undine" and the shell "Ariel," but the prospect was marred by the "Ariel's" sprain early in the morning. The other took no heed of the accident, but kept on, making her return in fifteen minutes. The interest manifested on this occasion was intense, and we have no doubt a speedy repetition will be had.

Yesterday as the train was about starting from Harrisburg for this city, a lady jumped aboard, threw her arms around a gentleman's neck, crying in the most piteous manner, for him not to kill her. Her lamentations were loud and long. The train started, she hanging on to him, and he, to be free from passengers on the car vowed to learn the cause—gentleman reticent. Finally conductor comes along and amid sighs, sobs, and a gasping and curious manner, the victim of misplaced confidence tells her story. The now wretched woman married this man in the State of New York, only a few days ago, came with him to Harrisburg, and now has left him flying from and about to leave for Baltimore without giving her even money to get back home. The sympathy of the passengers was unbounded, but some thought it a trick to "raise the wind." The conductor finding that the man really had a ticket through and was trying to shake away, would not permit him to go on his train, for which he received the thanks of every one on board.

Yesterday, having some business on Thames street, east side, we witnessed the landing of a ship load of German immigrants. We also saw the land sharks—their own countrymen—impose the time buying coin for an advance of ten to fifteen per cent. Thousands of dollars were exchanged in this way for greenbacks.

Miss Lotta is turning the heads of the Baltimoreans with her songs, dancing and protean acting. Other places of amusement are mostly closed up. Fred. Aimee closed on Monday evening. The New American might as well be closed. They are literally playing to empty houses. Wednesday was the hottest of the season, the mercury standing ninety degrees in the shades.

ANAWAN.

FROM WASHINGTON

The Grinnell-Rosseau Imbroglio—Grinnell in His Seat—Rosseau Will Probably be Expelled—Scenes of Tuesday's Session—The Government Mildly Censured on the Fenian Movement—Opposition to the Election Loan—Francis on Reciprocity.

NEW YORK, June 15.—Specials to the evening papers say that Mr. Grinnell is in his seat today, bearing the marks on his face of the blows given him yesterday by Mr. Rosseau.

Mr. Rosseau is also in his seat, receiving the congratulations of the chivalry. The House will investigate and probably expel Mr. Rosseau.

Senator Fessenden was too ill to attend a meeting of the Finance Committee to-day, and the tax bill will not be reported until Monday.

The House Committee on Foreign Relations will report resolutions mildly censuring the course of the Government on the Fenian movement.

The Committee will also take a bold stand in reference to Mexican matters, but unanimously oppose the endorsement of the Maximan bonds.

Official information has been received that the King of Prussia, under date of May 29th, has decreed that in the event of war merchant vessels belonging to subjects of hostile States shall not be subjected to capture and confiscation by his ships of war, so long as reciprocity be practiced by the hostile States.

Reverse Committee's Salary.

NEW YORK, June 15.—Specials to the evening papers say the Senate Finance Committee has agreed to fix the salary of the Commissioner of Internal Revenue at $6,000.

CITY ITEMS.

Messrs. Editors—In your issue of 12th inst., Mr. J. Sergeant pretends to enlighten the public on his position relative to the question submitted by me, as to his agency for certain books and official treatment of such teachers as presume to differ with him.

Now, as I am really in search of information on a subject in which all your readers ought to be deeply interested, will you allow me through your columns to urge a more explicit answer?

It is only just to say that Mr. S.'s assertion that he is *not* an agent for the publishers of said books is *so far* entirely satisfactory, and I feel called upon to explain so harsh a presumption.

When a person uses all his personal and official influence to another's interest, to the extent of persecuting and acting rudely to those under him, even to ladies, whose judgment induces them to speak or act in opposition to said interest, we naturally assume some controlling reason, and are very apt to think he is remunerated in some way.

I thus reasoned, and came to the erroneous conclusion of which he complained. I trust he will accept the explanation and excuse me. Still it is so unusual to find cases of such very *disinterested* friendship, that I am now anxious to know the animus of his earnest work, and if it shall prove that I am wrong in supposing that his action is guided by interested motives, let us know that we have such a Jonathan among us, and let all the people honor him accordingly.

His assumption that my opposition to part of the series so earnestly advocated by him was the cause of my retirement from the profession may explain. Is he afraid that *he* would meet a like fate if *he* should fail to endorse them? Or does he simply mean to warn other teachers to beware how they pronounce any other book superior to these?

I really wish to be put right in this matter. Do, Mr. Sergeant enlighten me. E. DAVIS.

Dr. Keyser's Blood Searcher Never Fails.

We publish below another certificate with regard to the efficacy of that great remedy, Dr. Keyser's Blood Searcher. Day after day the doctor has certificates of cure made by this remedy after the failure to cure by the most distinguished of the medical faculty. We would further note the fact that every one of his cures are so near at home as to enable any one to avoid being imposed upon. Dr. Keyser's Blood Searcher is a reliable medicine for all diseases of debility, having their origin in a diseased or vitiated state of the blood. Dyspepsia, dropsy, kidney disease, fever and ague, as well as ulcers and incipient cancers, are soon made to disappear under its use.

AMERICAN HOUSE, JOHNSTOWN, June 15, 1866.

DR. KEYSER—*Dear Sir.*—I take this chance to write you a few lines in respect to your Blood Searcher, prepared by you. My wife was afflicted with a frightful ulcer on her face. After I had some of the best doctors in this part of the country attending her, but they could not cure her by any good, I was advised to try your Blood Searcher. I got half a dozen bottles, but before she used two bottles her face was entirely well. You can publish this if you see proper.

Yours, with respect,

JOSEPH SHOEMAKER,
American House, Johnstown.

Ask for Dr. Keyser's Blood Searcher, and take no other. At 140 Wood street.

Heat and Exhaustion.

It requires a constitution and physique of unusual strength to resist the effect of the enervating heat of July and August. Unless the system is toned and sustained by a wholesome stomachic during these oppressive months it is likely to be so severely debilitated as to render it an easy prey to the epidemics which prevail in the fall. "A wholesome stomachic! where is it to be found?" asks the reader, who has, perhaps, been told by his physician that a little *good* brandy is a serviceable stimulant, and has sought for that obsolete article in vain. It would be as idle to expect *wholesomeness* and *purity* among the liquors of commerce as to look for miracles of piety in the State prison, or wisdom in an idiot asylum.

There is one *safe resource*—but *one*—for those who need a protective tonic and health-sustaining invigorant. Let them commence at once, as the torrid season opens in all its intensity, a course or Hostetter's Stomach Bitters. And the returned officers and soldiers of the Union Army, who have used this elixir during the war, what *they* think of it. They will tell you that it keeps up the vital forces under the wilting beams of a vertical sun without vitiating the blood or creating any undue excitement in the circulation. As the poet Cowper said of tea, "It cheers, but not inebriates." It braces the nervous organization and regulates all the functions of the body. No other stimulant can compare in purity with the Essence of Rye, which forms its basis, and the tonic, aperient and anti-bilious herbs with which it is medicated are the best of their kind on the face of the earth.

Hostetter's Bitters

are sold wholesale and retail at very low rates at Fleming's Drug and Patent Medicine Depot, No. 84 Market street, corner of the Diamond and Market, near Fourth street.

Trained Horse Exhibition.

Professor Hamilton & Co. will exhibit their wonderful trained horses, Sir Henry and General Sheridan, as follows: On Monday, June 18th, at Bellvernon; 19th, at Perrygoville; 20th, at Connellsville; 21st, at Mt. Pleasant; 22d, at Mendon; 23d, at Middletown; 25th, at Madison; 26th, at West Newton, and the 29th at Monongahela City.

The exhibition will be under a spacious pavilion. The performances of these horses, without bridle or rein, are quite unique, and have never failed to interest and astonish large audiences.

We Notice That

Fleming, Druggist, No. 84 Market street, in addition to his large stock of Drugs and Patent Medicine, has added the finest qualities of English and Scotch Ales, Portor and Brown Stout. As it has been extremely difficult to procure these articles in this city, we mention this matter for the benefit of our invalid readers.

Fleming also keeps a very select stock of Pure Liquors for medical purposes.

Beautiful Feet.

Everybody prides upon a neat pretty foot, and there certainly is no good reason why all persons should not make at least a respectable show of "understandings." The great difficulty, however, with most is to know where to buy handsome boots or shoes, such as will make even ugly feet look to good advantage. We know of no better house to patronize than Robinson's, 61 Market street. He sells good articles at the cheapest of rates.

Bath Tubs! Bath Tubs!

Cleanliness of person is the best known preventive of sickness, and every family should have a bath room supplied with those beautiful tubs manufactured and for sale by T. T. Ewens & Co., No. 165 Wood street. Everything in the way of bath tubs can be found at the most reasonable of rates at Ewens & Co's.

A full line of Chandeliers just received and for sale at very low rates.

Something New.

We have known of the Sarsaparilla extract being combined with Iodide of Potassium, but never until now in Iodide of Lime. The superior advantage of this combination for humors, bad blood, etc, are palpable to all. This valuable remedy, Sarsaparilla with Iodide of Lime we advertise to-day.

Dyspepsia.

Do not suffer with dyspepsia when relief is so close at hand. Twenty thousand people have been cured of this terrible disease in the last year by the use of Koback's Stomach Bitters.

Charming.

The Gaiters and Summer Slippers for ladies' wear, now offered so cheap at Robinson's, 61 Market street, are the most charming articles of pedal coverings ever offered in this city.

Beautiful

Dress goods for the present season, on the northeast corner of Fourth and Market streets. C. HANSON LOVE & BRO.

Black Silks

And Fancy Cloths for Sacques at Bates & Bell's.

Extra Wide Width

Black and White Silk, for $1.75, at Bates & Bell's.

Boys Wear,

Pant Stuffs of all kinds at Bates & Bell's.

Linen Goods.

A complete assortment at Bates & Bells.

White and Colored Marseilles,

Fresh Goods, just opened at Bates & Bell's.

Lace Mantles,

Shetland Shawls, all colors, at Bates & Bells.

CITY ITEMS.

Entirely New Agent.

Drs. C. Sill and Gillespie, 26 Penn street, have now a new agent for extracting teeth without pain. They use it in connection with the Laughing Gas. It is safe, and used in a different way from the gas. These gentlemen are always in advance in their profession. They now have two delightful agents for extracting teeth without pain. The latter is an English invention, and has been used with great success in Europe. Persons wishing the latest and best improvement in the Dental art, will find these gentlemen of the highest skill and at the head of their profession.

Still Ahead Still Ahead.

No. 254 Penn street is the place where Nitrous Oxide is used in extracting teeth entirely without pain. Nitrous Oxide Gas is a certain Anesthetic—not dangerous, safe, pleasant and no bad effects. Dr. G. W. Spencer has had more experience in the use of this agent than any dentist in this city, being the first to administer it here. Any persons entrusting themselves to his care will not be disappointed. Remember No. 254 Penn street, where first class sets of teeth are inserted for only $10, equal if not superior to those for which $25 and $30 are charged at other places.

Dabbs' Art Windows.

The art windows of Dabbs' well known photograph establishment, No. 26 St. Clair street, continues to prove a great centre of attraction. There is a superiority in Mr. Dabbs' specimens which no other artist in this city can claim. He takes as clear and beautiful impressions as any artist in the eastern cities. The services of a first class artist have been secured to color Cabinet and Imperial photographs, and in this department especially, great excellence prevails. As Pittsburghers, we are proud of the art and enterprise displayed by our fellow townsman, and all who desire any style of a truthful picture of themselves or friends we earnestly advise to favor this palatial establishment with a call.

Hot Weather.

We are now experiencing very hot weather. It is just such a season as would promote the interests of pleasure parties. Daily do we notice crowds flocking to Pittock's for Albums, Gold Pens, &c.

Invisible Photographs at Pittock's.

All the New Books at Pittock's.

Neemie De Marguerittes, Charlotte Thompson, Julia Daly, Monk Sisters, Hotto, Hamill, Coggswell—Photographs at Pittock's.

Summer reading matter at Pittock's.

Great Rush for Great Bargains

At the extensive and popular Hat and Cap House of Wm. Fleming, No. 129 Wood street. We are selling off our stock—Men's and Boy's Straw Hats, Men's and Boy's fine Summer Felt Hats; Ladies' and Misses' Hats, trimmed and untrimmed. The above goods will be sold wholesale or retail, at less prices than at any other house in the city.

The Most Beautiful.

The most beautiful of Boots, Shoes and Gaiters are to be obtained at the lowest of prices, at Robinson's, No. 61 Market street.

Grenadines,

For dresses, just opened on the northeast corner of Fourth and Market streets.

C. HANSON LOVE & BRO.

Black Silks,

All widths and qualities, at less than market rates, on the northeast corner of Fourth and Market streets. C. HANSON LOVE & BRO.

Dry Goods

Of all the leading makes, at popular prices, on the northeast corner of Fourth and Market streets. C. HANSON LOVE & BRO.

Sensible People

Losses by Crevasses in Louisiana—Quartermasters' Department South—Reduction in Expenses—Trial of Paymaster Spaulding.

WASHINGTON, June 15.—The report of Gen. Humphreys concerning the losses by the crevasses in Louisiana, sent in to-day, shows the breaks to be numerous, and unusually disastrous. He recommends appropriations for repairs as follows: Yazoo bottoms, $305,000; eight levees on the Texas bottom, $295,000; three levees on Mississippi Delta, $217,000, an aggregate of $817,000. He says that the crops of cotton, growing in the country above Red river in 1860, would amount to $108,000,000, and the sugar crop below that, would be, at the present prices, $60,000,000. The complete repair of all the levees would require $5,000,000, divided between Arkansas, Louisiana, and Mississippi. He estimates the alluvial lands at 317,000 square miles, of which 125,000 are in the sugar region, of which one third might be brought under cultivation, or a million and a half acres for sugar, and 7,000,000 acres for cotton.

General Rushing has arrived from the inspection of affairs in the Quartermasters' Department at the South. There have been heavy reductions in expenses everywhere.

The Senate has confirmed J. F. Oakley, Postmaster at Beloit, Wis.

The trial of Paymaster Paulding had concluded. Some think he has disbursed $140,000,000 during the war.

No corrupt motive was developed in the Merchants' Bank.

Tax on Banks Paying Out Old Circulation of State Issues.

NEW YORK, June 15.—The *Post's* money article says: We learn from one of our financial men who had just returned from Washington, that the Senate Finance Committee will probably, in the new internal Revenue bill, repeal the ten per cent. tax on banks that pay out the old circulation of the State issues, and in lieu of this will insert a specific tax on all outstanding circulations of old issues. The tax is to be paid by the banks having such notes outstanding. The amount of this tax is not definitely fixed, but it is probable that it will be ½ per cent. a year, payable monthly. This will obviously produce a very much larger revenue than would have been collected under the ten per cent. arrangement, which there is the further advantage that the currency will be contracted gradually instead of spasmodically and suddenly.

SECOND EDITION.

FOUR O'CLOCK, A. M.

THE LATEST NEWS
BY TELEGRAPH.

CONGRESSIONAL PROCEEDINGS.

WASHINGTON, June 15, 1866.

SENATE.

Mr. KIRKWOOD, from the Committee of Conference, on the disagreeing votes on the joint resolution relative to the disposal of public lands in the Southern States, made a report, which was concurred in. As passed, the resolution restricts the amount of land to be entered by one person to eighty acres for two years, after which one hundred and sixty acres may be entered until January next. All who have taken part in the rebellion are excluded from the privileges of the bill, after that this resolution is removed

Mr. Sherman rose to a personal explanation. He found in the New York *Tribune* an article in which he was alluded to as the organ of the Treasury Department. This was unjust to him. Two important bills, emanating from the Treasury Department, had been introduced in the Senate this Winter. He had opposed one of these, and favored the other. He did not want the Secretary of the Treasury to be held responsible for his (Mr. Sherman's) errors, and he (Mr. Sherman) did not wish to be held responsible for the errors of anybody but himself.

Mr. Van Winkle introduced a resolution to permit the Quartermaster General to pay the citizens of the county of Berkley and Jefferson, West Virginia, for Quartermasters' stores furnished to the army. The resolution was passed.

A resolution to print one thousand copies of the Report of the Board of Visitors to the Naval Academy for 1866, was reported from the Committee on Printing by Mr. Anthony, and passed.

On motion of Mr. Wilson the bill to continue in force the Freedmen's Bureau was made the special order for Tuesday next at one o'clock.

Mr. Grimes introduced a resolution, which was adopted, calling upon the Secretary of War for a report of the Board of Officers on the subject of coast defenses.

Mr. Howard called up the bill authorizing the eastern division of the Pacific Railroad, to select their route &c., published in the proceedings of the Senate day before yesterday, which was discussed and afterwards postponed.

The joint resolution for the representation of the United States at the Paris exposition was taken up. The question was upon the amendment of Mr. Harris to appropriate $25,000 in coin for the erection of buildings for the display of American articles. The amendment was agreed to. Yeas 18, Nays 17.

The following is the vote in detail:

Yeas—Anthony, Cragin, Creswell, Doolittle, Edmonds, Guthrie, Harris, Henderson, Johnson, Morgan, Morrill, Norton, Nye, Ramsey, Sprague, Van Winkle, Williams and Wilson —18.

Nays—Buckalew, Chandler, Cowan, Davis, Foster, Grimes, Hendricks, Howard, Howe, Kirkwood, Lane, (of Ind.) Pomeroy, Sallsbury, Stewart, Trumbull, Wade and Yates—13.

Mr. Harris offered an amendment making it the duty of agents distributing money under this joint resolution to report such disbursements in detail to Congress, which was adopted.

Mr. Stewart demanded the yeas and nays on the passage of the resolution as amended. Yeas 21, nays 13, so the resolution was passed, and it goes to the House for concurrence in the amendments.

On motion of Mr. Doolittle it was resolved that when the senate adjourn today, it adjourn to meet on Monday next.

The Senate then, in accordance with the resolution adopted on Saturday, proceeded to the consideration of bills from the Committee on the District of Columbia.

The President's Private Secretary entered the Senate Chamber at half past two, with a message from the President returning, with his objections, the bill authorizing the New York and Montana Iron Mining Company to purchase certain lands reserved from sale and not now in market.

The consideration of the District of Columbia business was resumed. A number of private and local bills were disposed of.

At four o'clock Mr. Sprague called for the reading of the veto message. The message was read and ordered to be printed.

Mr. Morrill moved to call up the bill repealing the city charter of Washington and Georgetown, and providing for their government by Commissioners.

Mr. Wilson moved to postpone the above bill till the first Monday in December. He was in favor, he said, of the other proposition, which confers negro suffrage in the District. The pending bill was made the special order for Wednesday next.

At five o'clock the Senate went into executive session and soon after adjourned.

HOUSE.

Immediately after the reading of the journal, Mr. Spaulding offered the following preamble and resolution, and moved the previous question:

WHEREAS, It is alleged in the public press that Hon. Lovell H. Rosseau, a member of this House from the State of Kentucky, did, on the evening of Thursday, the 14th instant, commit an assault upon the person of Hon. J. B. Grinnell, a member of this House from the State of Iowa, because of words spoken in this House by the latter, and whereas said assault, if committed, was a breach of the privileges of this House and of the member assaulted; therefore

Resolved, That a select committee of five be appointed by the Speaker to investigate the subject and to report the facts, with such resolutions in reference thereto as the House may deem may be proper or necessary for the vindication of the privileges of this House and the protection of its members, and that said committee have power to send for persons and papers, and to examine witnesses on oath.

The previous question was seconded and the resolution was adopted.

Mr. Blaine, from the Committee on Military Affairs, reported back the Senate joint resolution to provide for the payment of bounty to certain Indiana regiments, which was read three times and passed.

The joint resolution directing the settlement of the accounts of Col. W. H. Ianvick, of the 23d Ohio Volunteers, was adopted.

Mr. Henderson introduced a bill granting lands to aid in the construction of a railroad and telegraph line from the Columbia river to certain points in Oregon, which was read twice and referred to the Committee on the Pacific Railroad.

The Senate bill to regulate the appointment of paymasters in the navy was passed.

The bills to sell lands to the city of Leavenworth, Kansas, for a public park, and to authorize the construction of a horse railway through Fort Leavenworth Reservation, were passed.

Mr. Bingham asked leave to offer a concurrent resolution requesting the President of the United States to transmit forthwith to the Legislatures of the several States copies of the amendment proposed by Congress to the State Legislatures to amend the Constitution of the United States, passed June 13th, 1866, to the end that the States may proceed to act on the said articles of amendment.

Mr. Le Blond asked the Speaker whether the Concurrent Resolution came in by unanimous consent?

The Speaker stated his understanding was that it was reported from the Committee on Reconstruction, and therefore privileged.

Mr. Bingham corrected that, and said he asked unanimous consent to introduce it as a member.

Mr. Le Blond said the consent has not been given. The Resolution is wrong on its face. It requests the Executive to send copies of the proposed articles of amendment to the different States, even in the time for the Executive to approve or reject the joint resolution proposing them, has elapsed. (A member in his vicinity here said something to him in reference to which he could not be heard.) Mr. Le Blond (without paying attention to this side scene) said that it had been the practice to submit resolutions proposing constitutional amendments to the Executive.

Mr. Bingham challenged him to say when that had been the practice.

Mr. Le Blond replied that it had been done under Mr. Buchanan's administration, and also under Mr. Lincoln's.

Mr. Bingham inquired whether the twelve amendments reported by the first Congress to the United States had ever been submitted to or approved by the President.

Mr. Le Blond said he was aware that in the early history of the country the record showed nothing on the subject. It did not show that constitutional amendments were ever approved or rejected by the President, but it was a fact which the gentleman could not escape, divided between Arkansas, Louisiana, and Mississippi. He estimates the alluvial lands at 317,000 square miles, of which 125,000 are in the sugar region, of which one third might be brought under cultivation, or a million and a half acres for sugar, and 7,000,000 acres for cotton.

General Rushing has arrived from the inspection of affairs in the Quartermasters' Department at the South. There have been heavy reductions in expenses everywhere.

The Senate has confirmed J. F. Oakley, Postmaster at Beloit, Wis.

The trial of Paymaster Paulding had concluded. Some think he has disbursed $140,000,000 during the war.

No corrupt motive was developed in the Merchants' Bank.

Tax on Banks Paying Out Old Circulation of State Issues.

NEW YORK, June 15.—The *Post's* money article says: We learn from one of our financial men who had just returned from Washington, that the Senate Finance Committee will probably, in the new internal Revenue bill, repeal the ten per cent. tax on banks that pay out the old circulation of the State issues, and in lieu of this will insert a specific tax on all outstanding circulations of old issues. The tax is to be paid by the banks having such notes outstanding. The amount of this tax is not definitely fixed, but it is probable that it will be ½ per cent. a year, payable monthly. This will obviously produce a very much larger revenue than would have been collected under the ten per cent. arrangement, which there is the further advantage that the currency will be contracted gradually instead of spasmodically and suddenly.

Wisconsin, and granting a pension to Mrs. Margaret Fallon, and to define the number and regulate the appointment of officers of the navy, were taken from the Speaker's table read twice and appropriately referred.

The Speaker presented the proceedings of the Soldiers' State Convention in Pennsylvania. Referred to the Committee on Military Affairs, and ordered to be printed.

Mr. Rice, of Massachusetts, from the committee on Naval Affairs, reported back the Senate bill passed April 21, to establish a hospital life office in the Navy Department, with an amendment striking out the appropriation amendment, which was agreed to and the bill passed.

Mr. Finck, from the Committee of Claims, reported back the Senate bill to reimburse the State of West Virginia for moneys expended for the United States government, for arming, equipping and paying the military forces to aid in suppressing the rebellion, with an amendment to appoint three Commissioners instead of one. The amendment was agreed to and the bill passed.

Mr. Bingham introduced a joint resolution directing the names of Edward Crouse, Jesse W. Dingar and Joseph Parker, who had been commissioned as Lieutenants in the 144th Ohio Infantry, but who were killed before being mustered in, to be enrolled as mustered in from the date of their commissions.

After some discussion, it was, on motion of Mr. Wilson, of Iowa, referred to the Committee on Military Affairs.

Mr. Moorehead was excused from service on the Rossean-Grinnell Committee, and Mr. Thayer appointed in his place.

Mr. Myers presented the memorial of H. K. Halorsawai asking an appropriation of two thousand five hundred dollars to purchase a bust of General Kazamar Pulaski, killed at Savannah during the Revolutionary war, which bust was executed by the latter Henry D. Sanders, of Philadelphia, at the request of the Joint Library Committee of the Thirty-Fourth Congress, as a companion to that of Kosciusko, purchased from him by Congress.

At four o'clock the House adjourned.

FROM NEW ORLEANS.

Markets—Mexican Advices—American Colonists Dissatisfied—Activity of Liberals Since the Reported French Withdrawal—Maximilian and Holy See—Large Purchase of Mules for Missouri—Complaints of Federal Officers—Address of the Governor General of Cuba—Terrible Storm at Pensacola.

NEW ORLEANS, June 15.—Cotton; sales 300 bales; prices unsettled; receipts for the week, 5,842 bales against 5,258 bales last week; exports for the week, 10,650 bales; stock, 117,921 bales. Sterling 62. On New York Exchange, ½ to ¾ premium. Coffee, week's sales 135 sacks; stock, 1,787 sacks; Prime, 26c gold.

The American Colonists advise the people to stay at home.

The Liberals are more active since the reported French withdrawal.

Maximilian has entered into a new concordat with the Holy see. He refused to repeal the Civil marriage act and the confiscation of Church property, which Romeo acknowledges.

Mr. Prince, late United States Consul at Matamoras, purchased of the Liberals four thousand horses and mules, and sent them to Missouri. It is charged that they were stolen from neighboring Mexicans. His profits were $100,000 in gold.

Complaints have been made that Federal officers collect unlawful toll across the Rio Grande, and pocket the money.

Gen. Sersidis, Governor of Cuba, was inaugurated. In his address he promises conservative progress and equal justice, and praises the army and people.

The stock of sugar is 500,063 boxes. The sales are limited. New tobacco is arriving slowly. Segars animated and advancing, in anticipated change of the tariff of the United States.

A terrible storm passed over Pensacola Bay, doing damage to the shipping and Fort Pickens.

The planting of overflown lands is lively, and the people are hopeful of the new crops.

LATEST FROM NEW YORK.

More Cholera Cases in the City—Rumors of Cholera in Brooklyn—Fashion Course Trot—Dexter Beats Patchen Three Straight Heats.

NEW YORK, June 15—*Midnight*.—In addition to the death by cholera of a citizen in Elizabeth street, three other cases are reported in the city to-day—two persons residing in Waverly place and another in Cherry alley. The names are unknown and the result of the disease is not yet ascertained. Various rumors of cholera here and in Brooklyn are current to-night. Since last report there has been one death from cholera, and two new cases at quarantine.

In the trot over Fashion Course, this afternoon, for one thousand dollars, mile heats, best three in five, Dexter beat George M. Patchen, Jr., in three straight heats. The time was 2.29½, 2.28¾, and 2.27¾. The race was very exciting, and a large crowd was present.

Charles Reddy was examined to-day before the Police Judge, on a charge of selling an interest in the steamship Dakotah to Col. Wm. E. Jones, of Nevada, which interest it is believed he did not own.

A new steamer is soon to be placed on the Nicaragua and California route.

The Fenians are in chancery at headquarters for money supposed to be in the treasury.

FROM NASHVILLE AND MEMPHIS.

Fire in Nashville—Loss $15,000—Murderers Shot at Memphis by a Friend of Their Victim—A Wealthy Citizen and His Son Assassinated at Little Rock, Arkansas.

NASHVILLE, June 15.—A fire this morning destroyed the banking and business houses of Lersk & Leverick, corner of Broad and College streets, and several adjoining buildings. Loss, fifteen thousand dollars, with but little insurance.

MEMPHIS, June 15.—While a posse were bringing into the city two men named S. A. Boget and Frank Wingate, arrested for the murder of a man named Payne, on Tuesday night, who were informed on by Erskine, an accomplice, who pointed them out near the city this morning, they were met by Henderson, a relation of Payne, who shot all three, killing the former and mortally wounding Boget. The posse ordered him to desist. Refusing, they fired, killing Henderson. Saint, who killed Henderson, was an uncle of the latter.

A telegram from Little Rock, last night, states that Dr. Webb, a wealthy citizen of that city, and his son were murdered in bed by an unknown assassin.

Destruction of Woolen and Cotton Mills.

PHILADELPHIA, June 15.—This morning the Woolen and Cotton Mills of Richard Garseed on Frankford, above Harrison street, were entirely destroyed by fire. Loss $125,000. Insurance $72,000. Foster & Co's Cotton Mill adjoining, was also burned. Loss $25,000. Insurance $15,000. The following are the insurances in New York and Eastern Companies: House and Security Companies, $5,000 each, and International and Metropolitan, $5,000 each; all New York Companies. Etna, Hartford, Royal, Liverpool, Springfield, Massachusetts, and Narragansett, Rhode Island, $5,000 each. Guardian of New York, Equitable of Rhode Island and Relief of New York, $3,000 each.

Startling Rumor—Reported Assassination of Judge Underwood at Alexandria.

WASHINGTON, June 15.—A startling rumor prevailed throughout the city this afternoon, and in all the public Departments and in both Houses of Congress, that Judge Underwood had to-day been assassinated in Alexandria, Virginia, by Dr. Maddox; but a telegram from Alexandria received this evening, in reply to a question, says Judge Underwood is alive, in his house. He has not been shot, and Dr. Maddox is in Richmond.

Secret Convention of Railroad Engineers.

ROCHESTER, N. Y., June 15.—A convention of Railroad Engineers, over sixty in number, representing all the organizations of that class in the United States and Canada, has been in secret session here for two days, and adjourned last night. The avowed object was to prevent strikes like that on the Michigan Southern railroad. It is announced that a plan was unanimously adopted, which will effect the object to the satisfaction of the companies and engineers.

Letters of President Lincoln Concerning the Virginia Legislature—Impression Corrected.

NEW YORK, June 15.—The *Tribune* publishes letters of President Lincoln to General Weitzel, concerning the calling of the Virginia Legislature together. He corrects the impression that he had recognized the rebel Legislature as a rightful body, as Judge Campbell asserted.

Death from Cholera—The Indictment of Fenian Head Centre Roberts.

NEW YORK, June 15.—This morning a well-to-do citizen died in Elizabeth street of Cholera.

District Attorney Courtney, who has been unable to elicit any testimony against Roberts, the President of the Fenians, has determined to lay what facts he has before the Grand Jury now in session.

United States Senator from New Hampshire—Election of Mr. Patterson.

CONCORD, N. H., June 15.—The vote for United States Senator in the House of Representatives, to-day, resulted as follows: James W. Patterson, 190; Jared Sparkman, 110; Daniel Clark, 2. In the Senate the vote stood: Patterson, 9; Eastman, 3. Patterson was warmly congratulated, in and out of the State House, on his election.

From California.

SAN FRANCISCO, June 14.—Gen. Halleck started northyesterday, on a tour of observation. Gen. McDowell, it is expected, will soon assume the inspection of the posts in his department.

Bill Vetoed.

WASHINGTON, June 15.—It is understood that the President has vetoed the bill to enable the New York Montana Iron Manufacturing Company to purchase a certain amount of the public lands not now in the market.

Travels of Gen. Sherman.

GOODRICH, C. W., June 15.—Major Gen. Sherman arrived here this afternoon in the revenue cutter John A. Dix. The General and staff were invited up town by the Mayor and were entertained at a hotel, after which they left for Detroit.

Ferry Boat For Sale.—By advertisement in another column it will be observed that the No. 1 steam ferry boat at Lawrenceville is offered for sale.

SAMUEL CHADWICK, Collins Tp.
WILLIAM PETEN, Ross Tp.
R. A. COLVILLE City.

THE DIFFERENCE.

The idea upon which the President' Policy was founded was that the eleven revolted States incurred no disabilities by their Treason; that, having been conquered and their arms taken from them, all they had to do, in order to get back to full participation in the government, was to elect Senators and Representatives, and send them up, accredited in the regular way, to the national capitol.

It is true that the President enjoined conditions on those States, but that was before he experienced the new light in which his peculiar Policy was conceived and matured. It is a fact, moreover, that when he brought forward his Policy he coupled it with the proviso that the rebel States were under obligations to select loyal men for representatives, and that Congress was bound to reject all who bore a different character. But, when he came to explain what he meant by loyalty it was perceived that his Policy erected no barrier against the admission of even the most notorious rebels. It was not enough to estop a claimant to a seat that he had willingly borne arms against the government or commanded rebel hosts, or held a seat in the Confederate Congress, or exercised any function whatever under the insurgent government. All that the most notorious rebel had to do to qualify himself for any place of authority in the federal government was to get a Presidential pardon, and that was not of hard obtainment.

The Congressional Policy demanded restrictions. Its essence was that the leaders, at least, in the revolt, should be made to take back seats;" that a whole-some enforcement of forfeitures should be provided for. As to the details of this policy, diversities of opinion existed. Some were content if the tall heads were cut off, while others wanted to decapitate the whole dominant caste. A few were desirous of going as far as Mr. ANDREW JOHNSON did before his fall, and deunde all cordial participants in the rebellion of political rights. Such was the State of the case. What happened? Precisely what commonly happens in deliberative assemblies. The members who ran before, and the members who lagged behind, at length took positions with the middle members. Parliamentary government never right fully exists on any other conditions, for by this method alone can the average opinions and wishes of the various constituencies be embodied in law.

Was this an abandonment of the Congressional scheme and an acceptance of the President's Policy? By no means. Yet certain conservative journals, that wrecked weeks ago, whatever, reputation for clear righteousness and consistency they ever had by ludicrous vergiversations on this subject now claim that Congress has virtually adopted the President's ideas. We do not wonder these journals desire to work out the unenviable position they laboriously contrived to get into, but they cannot accomplish that feat in the way they are trying. They had better confess the stupidity of their former course, beseech the clemency of their readers, and take a fresh start.

CONSERVATIVE INDECENCY.

That our readers may understand with what respect for truth and decency conservative newspapers are conducted, we give them this specimen from a Mobile journal:

"GREELEY'S LAST.—It is almost degrading to refer to that scribbler, and we only consent to notice him, when his infamous lies have become so outrageous that we feel compelled to lose our temper, as one does who is harrassed by some venomous, imperceptible reptile.

"That a fellow of that stamp, who has been kicked out of even the lowest society in Paris, lodged in the loafer's cell alongside of a Yankeehusan for indecent language, should, in our own country, possess a forum whereon he vomits his slanders on honorable men and women, is a most disgusting spectacle.

"When the fellow presumed upon the renowned courtesy of the French, to seek introduction in the society of men of respectability, he was at once ordered out by the servant, on the ground that he smelled bad, and the judgment was ratified by every one whose olfactories had been offended by this dirty specimen of American negrophilism.

"This scribbler of bad English, this base reviler of everything honest and pure, whose amours never rose above the lowest castes of African females or Mexican beauties, has again let out his venom on the women of the South, those proudest and faithful images of Martha Washington.

And this is written of a gentleman who has provoked the patience of multitudes of his friends by persistent and powerful efforts to screen all the Southern rebels—the highest as well as the lowest—from the punishments the laws award for their crimes.

The Richmond (Va.) *Whig* and the Augusta (Ga.) *Chronicle* warn the people of their respective States against the renovation of their railroads by means of northern capital, and conjoin them to wait until Southern resources shall so far recuperate as to be adequate to that labor. Their idea is that if Southern railroads are allowed to pass into the hands of Northern men they will be used to sustain political schemes hostile to Southern interests. With the decease of slavery we hope this feeling would expire. It certainly cannot long remain. The two sections having become homogeneous in institutions, interests, morally, but surely, assimilate in feelings and ideas, until former repugnances shall entirely disappear. The hideous de-perate prejudices and antipathies founded on slavery may work wrong, but, while they cannot be permanently sustained.

The facility with which murder seems to transform such imposters as Mrs. GRISWOLD and ANTON PROBST into Saints, is eliciting sharp comment in various quarters. One prominent journal goes so far as to speak of "the saving grace of murder." Is it not time the clergy seriously considered how terribly their conduct in this particular shocks and affronts the moral consciousness of intelligent laymen?

UNION AMONG THE CHURCHES.

Union among the Churches is no longer a matter of theory and resolves, but is fast becoming a substantial fact. Heretofore the lines that marked the difference, in some minor points, between denominations, with substantially the same Confession of Faith, were more sharply defined. With the march of Time, the upheavings of society consequent on and growing out of the slaveholder's rebellion, the modifications and blending of the minds of men on the great benevolent and philanthropic charities of our age, and particularly the manifest hand of God in mellowing down the individual sentiments of Christian men, has wrought the great change now upon us. Without any apparent change in the views that have kept up divisions in churches of the same faith and polity, these things are lost sight of in the higher motive of enjoying the truth—"In union there is strength." The union of different branches whose doctrines and usages were virtually the same, has already demonstrated to the Christian world that its numerical strength has been now rapidly augmented, its influence more widely extended, and its capacity to enlarge its field of operations at home and abroad. With these views let us take a brief survey of the field.

The desire for union doubtless prompted the meeting of the Old and New School Presbyterian General Assemblies at St. Louis this year. The feeling for a close union has been intensified, and is now aglow at the prospect that ere long the happy event will be consummated. The preliminary steps have already been taken, and it is reasonable to hope that by the time these bodies meet again, that at least, a nominal union shall be attained, to be quickly followed by the grand *finale* in the fullest sense. From the outset, the trans, brotherly and fraternal intercourse between the members of both bodies, shadows forth the best hopes for the future. Step by step they were brought together. First the meeting together for prayer and conference, took a higher and wider range, the whole audience seeming to be animated by one spirit. Then the joint communion service was also a solemn and joyful festival, a true feast of Christian love, where all differences were forgotten and all sympathies were melted together and became one heart and one mind. When the report of the Committee of the New School body was read, proposing re-union on the basis of the common standards received in a common spirit, it was received with demonstrations of great satisfaction. Both Assemblies enjoined upon their churches to avoid everything that might tend to strife and controversy while this great question was pending. No conditions were named by either Assembly, but all questions were left in the hands of the two committees, composed of thirty ministers, and elders, with Drs. KREBS and BEARD, as Chairmen of the committee of the respective bodies. Questions, as to Boards and Funds, seemingly now difficult to arrange satisfactorily, will doubtless disappear before the next session of the respective bodies. In the Committee representing the Old School, we notice the names of Rev. Dr. HOWARD and Hon. R. McKNIGHT of Pittsburgh, and Rev. Dr. BEATTY of Steubenville, Ohio. Hon. Judge H. W. WILLIAMS, of this city, is a member of the New School Committee. With men of such judgment and ability as these, the matter is in safe hands, from we may look for the most favorable results.

The union of the Associate and Associate Reformed Churches, eight years ago, by which the United Presbyterian Church was constituted, is an accomplished fact. This body is developing in this community to a degree that is truly surprising, and illustrates in the strongest way what may be attained by union. With the blending together of these bodies a progressive spirit has been infused into all its parts. Departments of church labor heretofore held to be of minor importance, are now used and found to be important elements of prayer. Fraternal feelings have been cultivated and a closer union now exists between them and other bodies, even of a different confession of faith. The history of the past eight year are before our readers. The divided churches, of substantially the same doctrines, now present a solid front of the most aggressive cast. During the late session of this body in Allegheny, the ministerial delegates preached in the different Methodist Churches of the two cities, without surrendering any peculiarity they entertained in regard to the mode of worship. The hearty style of their discourses was the theme of praise by those whom they addressed. The favorable remarks of Rev. J. M. Millen, of the General Synod of the Reformed Presbyterian Church, (N. S.) in presenting a letter from Rev. Dr. John McMasters, appointed to represent that body, in regard to a desire for union in procuring a new metrical version of the Psalms, are significant of the drawing together of these bodies into closer fraternal relations.

THE CONSTITUTIONAL AMENDMENT.

Yesterday morning our telegrams contained the announcement that after the new Constitutional Amendment had passed the Senate, Governor CURTIN addressed a circular letter to all the Governors of the loyal States suggesting the propriety of concentrated action in calling their respective Legislatures together in special session to consider and determine the matter of ratification or rejection, and that, in response thereto, such uniform action has been agreed upon as will secure the ratification of the Amendment before the adjournment of Congress. If this information shall prove correct—and we see no reason to doubt it—a special session of the Pennsylvania Legislature will shortly be convoked.

The action of the Governor in this case, highly gratifying in itself, is all the more welcome, because in his last annual message he disappointed the just expectations of his best friends by committing himself unequivocally to the President's Policy.

The Democratic State Committee of Kansas have

Resolved, That we distinctly repudiate all idea of permitting any longer our party organization to become in any way subservient to the political or personal purposes of any man of set of men outside of the party, and upon the principles here set forth, our action as a party should be based, whether victory or defeat be the result."

The meaning of which is that President Johnson must either join the Democratic party or pray the Democrats for their support by giving them offices. We do not think the demand is unreasonable.

One of the most valuable collections of natural history in the United States was destroyed at the recent burning of the Academy of Science in Chicago. The ornithological collection had been gathered with great care by the Smithsonian Institute, and by Mr. Robert Kennicott, the Arctic explorer. The museum was valued at $20,000, and was entirely destroyed.

It is calculated that American families can travel in Europe 50 per cent less than it costs them to stay at home. Beef is only sixpence sterling a pound in Bremen. Heretofore rich people have gone abroad for pleasure, but, unless prices moderate, the poor people may eventually have to go abroad for the sake of economy.

RELIGIOUS.

FIRST BAPTIST CHURCH.
Until the completion of the new Church edifice on Sixth street, between Wood and Market, services will be held in the Lecture Room, on SABBATH and THURSDAY EVENINGS, at 7½ o'clock. SABBATH SCHOOL at 2 o'clock P. M. All are cordially invited to attend.

Hugh Sallie, tavern keeper, First ward Pittsburgh.
Joseph Scott, laborer, Mifflin tp.
Alexander Simpson, farmer Fawn tp.
John Wright, gentleman, Fourth ward Allegheny.

Glass Manufacturers' Convention.

The fifth annual Convention of Flint Glass Manufacturers of the United States was held in Philadelphia on Wednesday, Mr. H. Fessenden, of Boston, presiding, and Mr. James B. Lyon, of Pittsburgh, acting as Secretary. The following was the representation:

Bakewell, Pears & Co., Pittsburgh, by John P. Pears; Boston and Sandwich Glass Company, by Boston, by Samuel Sloeum; Cape Cod Glass Company, Boston, by H. F. Higginson; Union Glass Company, Philadelphia, by Thomas Gregory; Pittsburgh, Pa., by Franklin Glass Works, Philadelphia, by Messrs. Gillender and Bennett; Sweeney, Beil & Co., Wheeling, by Geo. H. Beil; Kensington Bottle Glass Works, by Mr. Houghton; Excelsior Flint Glass Works by John Leach; Suffolk Flint Glass Works Boston, by Geo. Lawler; Jersey City Flint Glass Works, by Bottomley Bros.; Lancaster Flint Gustavus Storm; Birmingham Flint Glass Works by N. H. Bryce; Campbell, Jones & Co., Pittsburgh, by Mr. Jones; Atlantic Co., by William Doyle; Barclay & Dobeiman, Brooklyn, by N. S. Baller; Empire Glass Company by Daniel Barrison.

The Association has existed for five years, and has always been regarded as a guard the interests of the trade by the equalization of prices, terms of sales, &c.

After the transaction of some preliminary business, a election for officers took place, resulting, President, John P. Pears; Vice Presidents, H. Fessenden and Henry C. Fox; Secretary, Nathan S. Bailey.

The Committee on Commerce reported that they had memorialized Congress, and that the paper was now under consideration by the Committee of Ways and Means. The glass manufacturing interest it appears has been injured by the low rate of tariff on imported manufactured glass ware, so much so that many established factories have been compelled to suspend operation, and others have so little encouragement to continue that they employ but a small number of hands.

Mr. Benjamin Woodson, of Boston, late Minister to Brazil, made a statement relative to a bed of silex in Berkshire, Mass., of which he was the owner. The sand was reported to be pure silex, granulated by nature, and of a color whiter than paper.

The business meeting over, the members of the convention partook of a dinner specially prepared at the Continental, at which Mr. Healy presided.

Court of Quarter Sessions

Judges Sterrett and Brown.

Friday, June 15.—C. H. Wilhelm was indicted for nuisance in having erected a stable and pig pen on the Birmingham and Brownsville plank road, in Lower St. Clair township. John Stewart prosecutor. It was claimed by the state that the stench on the road, and that it was altogether a nuisance from the smell emitted. Jury out.

John C. Pickel was tried for an assault and battery on a boy named Michael Severt, on oath of George Gantz. Verdict guilty.

William Burton was indicted for selling liquor without license in the First ward, living without the limits of corporation. The jury returned a verdict of not-guilty and required the county to pay the costs. The circumstances of this case were: The defendant was selling business under the name of Burton & Lynch, having a proper license. Burton purchased the interest of Lynch and continued business under the license. He was formerly returned under the name *Burton*, and no such name appearing on the list in the Clerk of the Court's office of those having license, the Grand Jury found a bill. The name in the indictment was changed, and the Court ruling that the partnership license was sufficient protection, the jury found a verdict as stated.

Thomas Norton was placed on trial for the larceny of clothing and a carpet sack, belonging to George Helling, from the steamboat Kalgorey. The property was found in a building at one of the landings on the Monongahela river, in Washington county, whereupon the question of jurisdiction was raised, but a proviso in the Penal Code covered the apparent difficulty. The jury convicted and the prisoner was remanded for sentence.

Daniel Merrigan, a lad, was convicted of the larceny of articles from Evans & Co.'s gift store, on Fifth Street. Remanded for sentence.

U. S. Court at Williamsport.

The June term of the United States Court for the Western District of Pennsylvania—composed of forty-four counties—will commence on Monday at Williamsport, Lycoming county. His Honor Judge McCandless, Marshal Murtoch, District Attorney Carnahan, Henry Sproul and S. C. McCandless, Esqs., clerks, left for that place last evening.

The issue joined in the case of the Pittsburgh and Connellsville Railroad Company, to determine whether there has been a "misuse and abuse of the charter" by that company, will come up for trial on Wednesday. It was called up on the first day of the May term in this city, but owing to the illness of Judge Veech, of the counsel engaged, it was postponed until the June term, and an order made fixing the 20th inst. as the day it should be taken up. The testimony to be passed upon by a jury, and a large number of witnesses from this city, as well as from various points along the line of the road, have been supponed by the Connellsville Company. Among the counsel engaged by the P. & C. Co. are J. H. B. Latrobe, Esq., of Baltimore, and George Shiras, Esq., of this city. Hon. W. B. Lowrie and Geo. P. Hamilton, Esq., of this city, are retained by the Pennsylvania Railroad Company.

A Beautiful Structure.

The walls of the new edifice of the First Baptist Church, of this city, are rising rapidly and give promise of a completed structure of far more than ordinary beauty. We are glad, moreover, to know that when completed it will be a monument of what our own city can do in the line of first class work and materials. All the contractors are Pittsburgh men, and we are surprised to know that the stone (unsurpassed for its richness of color and apparent power of endurance) is all the product of this city. Again we repeat, when our churches and public spirited citizens, whether they are personally interested in the religious bearings of church building or not, it is a matter appealing to the best feelings of every true Pittsburgher.

Threatened to Put a Nose on Her.—Sophia Dillsheim was brought before Alderman Allegretz, on Friday, charged, on oath of Susan Byrnes, with assy of the peace. Sophia was accused of calling Susan a vile liar and threatening to put a nose on her. The remedy was that Sophia had the cost put on her, and was also forced to give bail in the sum of three hundred dollars to keep the peace. It will doubtless be some time ere Sophia volunteers to perform another surgical operation.

That Brick Pile.—The conflict about the brick pile on Fifth Street is irrepressible. Yesterday Thackeray, the bill poster, made information before Alderman Nicholson against Harry Overington and Alexander Hook, trustees, and Hoop keeper at the Theatre, and Seth Wilmot, police officer, for malicious mischief, in covering up with others some bills which he had posted on the aforesaid pile. Before the ends we judge some persons will have a fine bill of costs to pay.

Man Killed.—A coal digger named John Wingall was killed yesterday in Bailey & Co.'s Coal Works, situated the Washington pike, some three miles from the city, by a large piece of slate or "bone coal" falling on him while at work. Coroner Clawson will hold an inquest to-day.

Taken to the Penitentiary.—Charles Butler and Charles Kingsley, convicted of larceny at the present term of the Quarter Sessions, were taken to the Penitentiary yesterday. The former to serve a term of three and the latter of two years.

TELEGRAMS.

FROM WASHINGTON.

Of Interest to Bondholders—The Crops in Alabama—The Tax Bill to be Reported on Monday—Santa Anna Negotiating for Gen. Scott's Equestrian Portrait.

New York, June 15.—The morning papers contain the following special telegrams from Washington: A case of interest to bondholders was decided to-day by the First Controller, R. W. Tayloe, of the Treasury Department, upon the following established facts: Mr. Weage bought ten one thousand dollar United States bonds with consecutive numbers. Having no fire proof safe, he cut off the coupons, as is usual, for additional security against fire, burglary, &c. Four of the bonds were subsequently stolen from him, and all efforts to recover them have proved fruitless. He asked for a reissue of the bonds.

Mr. Taylor decided that for the bonds and coupons returned entire though separated, new ones can be issued. For those stolen, not recovered, new bonds cannot be issued. The law does not authorize the issue of new bonds for loss of stolen ones. The holder can collect the interest coupons as they mature, but nothing more can be done.

The Assistant Commissioner of the Freedmen's Bureau for Alabama, reports that the grain crop of this year will be much less than average before the war both in quantity and quality, and if not wholly consumed by immediate necessity for food, will absolutely need all future requirements for seed. That it will not be wholly consumed is inferred from the sharp experience they have of the necessity for seed, and from the fact that most of the persons who have grain crops have also a little cotton, which will afford them relief before the corn, which is their principal crop, is ripe, and from the further fact that most of it will leave in a few days for St. Louis and Chicago, where it is hoped he will be able to purchase a large supply of corn, with which to supplement food issued by the Government.

The Senate Finance Committee will report the tax bill on Monday. Among the changes from the House bill are the following: They have added to the free list, sulphur, saltpetre, American wines, cordage, and cast iron water pipes. They have taken out mowers and reapers, wooden ware, sorghum, machinery, and draw bridges; also papers, except printing, levying a tax of five per cent. on all other qualities. The tax on clothing is raised from four to two per cent. Cotton is cut down from five to two per cent. In place of the ad valorem rate on cigars they have substituted a uniform rate of ten dollars per thousand on all cigars valued at fifty dollars per thousand. Manufactured tobacco is fixed at fifteen cents per pound, instead of twenty cents. The House section in regard to mortgages is stricken out, as are also the House amendments to the income tax, thus leaving the tax as it now stands. The tax of ten per cent. on the issues of State banks is suspended for one year from the first of July next.

It seems that General Santa Anna is negotiating for the equestrian portrait of General Scott, painted by Tenny, at present existing at the State of Virginia, now on exhibition in the Capitol.

THE FENIANS.

Effect of Neutrality Resolutions—Troops Retained on the Border—Further Troubles Feared at Buffalo and Fort Erie—Challenge to a Pitched Battle.

New York, June 15.—A Montreal dispatch says the order calling the volunteers back from the border has been countermanded, owing to the introduction of the resolutions on the neutrality act into Congress.

An Ogdensburg dispatch says one of General Meade's staff has arrived there, and further trouble at Buffalo is feared. General Meade was hurriedly called back from Albany to that point. Four companies of troops have been ordered to Buffalo.

An Ottawa dispatch says another raid is expected at Fort Erie.

Fourteen Fenians have been arrested at Hamilton, with important papers in their possession. Information as to the movements of troops is forbidden, and something important is evidently on the tapis. Large bodies of Fenians are reported as assembling along the south western border.

A Buffalo dispatch says: The Fenian General Barrett has been with Lowry and the Irish forces at Fort Erie, for a pitched battle with two or three thousand troops.

The Congressional Caning Affair

Washington, June 15.—As every one expected, the Rossem-Grinnell caning affair last evening has culminated in the adoption by the House of a resolution providing for a committee of five to investigate the circumstances of the encounter. The resolution was introduced immediately after the reading of the journal and agreed to without comment.

Messrs. Eldridge, of Wisconsin, as Chairman of the Committee, will act as its chairman. Both Messrs. Grinnell and General Rossean are present in their seats and exhibit no signs of the mortification of bodily hurt, and is now gladly engaged in recounting to a circle of friends the matter of assault.

Mr. Rogers sits quietly in his seat, and during the adoption of the resolution, proceeded to read the contents of his mail without any apparent sensitiveness in matter at hand. It is scarcely probable he will be allowed to retain his seat. The majority talk very bitter of the assault, and declare that it will be severely punished at the earliest moment of the Committee's report.

Bill of Indictment Against George N. Gayle

New York, June 15.—The United States District Court Grand Jury, for the Southern District of Alabama, Judge Musteen's District, has found a bill of indictment against George N. Gayle, for the crime of murder and conspiring to overthrow the United States Government. Gayle has been arrested and held in answer in the sum of fifteen thousand dollars. He will be soon delivered as Hon. Reverdy Johnson advertised in the Selma papers for contributions to a fund of one million dollars to procure the assassination of Jefferson Davis and who was brought here under arrest last summer, but really released and allowed to return.

Adjournment of the Grand Jury

The grand jury of the Quarter Sessions adjourned yesterday until Wednesday next, to await preparation of business for their consideration.

STATEMENT OF THE REAL ESTATE SAVINGS INSTITUTION, on the 30th day of April, 1866.

ASSETS.

NOTICE.

OFFICE UNITED STATES PRIZE CONCERT, }
WIGGINS, BRADFORD & CO., Proprietors. }

WE WOULD MOST RESPECTFULLY announce that in consideration of the following circumstances we have finally concluded that a postponement would be equally advantageous to the public and ourselves, namely, that we prefer to

Dispose of all the Tickets and give the Public all the Prizes,

than to hold a quantity of tickets (as proprietors usually do) and thereby enhance our chances of drawing the large prizes.

The drawn numbers will be published in the Chicago daily papers from time to time, and when the drawing is over each agent will be furnished with a complete list of the drawn numbers.

In view of the above reasons, which we hope will prove eminently satisfactory,

WE HAVE POSTPONED THE DRAWING

UNTIL THE

9th Day of July, 1866.

my26:1w4 WIGGINS, BRADFORD & CO.

All descriptions of Government Bonds bought and sold on liberal terms.

London and Continental Exchange sold at New York rates.

Gold, Silver and Coupons bought at highest rates, and Gold Drafts issued on New York.

FINANCE AND TRADE.

FRIDAY, June 15, 1866.

Gold has still further advanced, being quoted in New York at 146½, which is the highest it has reached since the close of the war. What the advance is predicted upon, we are unable to say, unless it is the heavy export of specie. If the advance is maintained for any length of time, the effect on the commercial world may be serious. Imported goods will advance, and people will begin to buy, in anticipation of a rise—more goods will then be imported, and more gold shipped.

When Secretary McCulloch made his Fort Wayne speech many feared that we were already on the eve of a resumption of specie payments, and nearly everybody wanted a hand in hastening on that much coveted event. Many, in their eagerness to bring about this much desired result, sold gold and made time contracts for it as well as merchandise. The speculation in the article was carried so far, that business men, who stood in need of it, and purchased while it was low, sold what they did not possess, and now have to buy double the amounts at greatly advanced rates.

Government bonds are rather weak, though unchanged. Gold-bearing bonds should advance, since there is accrued interest at a high premium, and an abundance of money. A despatch from New York states that the Fatsta took back on Wednesday about as many American Securities as the Scots brought her over, as the advance in gold prevented the sale of them on the spot. 'Tis an ill wind that blows nobody any good."

The New York quotations to-day as received by Mr. P. R. Mertz were as follows: 1881s, 110½; 5-20's, 107½; 10-40's, 95¾; 7-30's, 107¾@108; 6's Cleveland & Pittsburgh Railroad, 82½; Pittsburgh & Fort Wayne, 97½; Erie, 69¾; Pittsburgh Creek (oil) 2½.

—State bank notes seem to be in disfavor in some of the Eastern States. The businessmen of Boston, as well as the banks, began on the 5th inst. to refuse to receive the notes of all the state of Maine banks. The Philadelphia banks next Friday will commence the discarding of all State bank notes that do not maintain a par redemption.

—It is reported that the Senate Committee on Banking have agreed to report an amendment to the National Banking Act, to prevent any bank having more than $1,000,000 circulation, and to reduce the circulation of all banks with over 50,000 to 90 per cent. The Senate Finance Committee is also reported to be considering the propriety of allowing State Banks one year more to wind up before the ten per cent tax takes effect. The Chicago *Tribune* is noticing the report, very appropriately remarks:

"We trust there is virtue enough in Congress to defeat this latter proposition. Nearly all the State Banks that were worth anything have already been changed into National Banks, and to allow another year's grace will be to encourage and foster "wild cats" of the lowest breed. Probably three fourths of these who ate now in business would further grave are rotten now, and the only effect of the law's delay to be enabled to swindle the public in a more wholesale manner than hitherto. At the end of another year, busy will, in all probability, be less able to "wind up" than at present.

—In commenting on the recent violent fluctuations and material advance in gold, the New York *Times*, of Thursday, says:

"The operators for further rise are going on the circumstances, that the Secretary of the Scotia advises a less positive improvement of the crops, and that the first arrivals of American cotton should be expected. While it may be true, the very latest mail advices from London, of the night of Saturday, June 2, foreshadow a better state of things, especially the following week. Nothing would more especially with the prospect of restoration to the Continent. As no later news can be received before Saturday's steamers go out, a further export demand for gold, and that packet day is expected to justify the advance in price.

—The following is the comparative statement of the exports (exclusive of specie) from the port of New York to foreign ports for the week ending June 12, and since January 1:

	1866.	1865.	1864.
For the week	$2,520,780	$1,750,291	$1,481,611
Prev. reported	16,956,571	11,467,519	10,944,911
Since January 1	$19,477,351	$13,217,810	$12,426,522
Previous year	140,[illegible]	140,[illegible]	140,[illegible]

—The old State Banks do not appear to have many friends outside of their own stockholders and managers. The New York *Tribune*, of Thursday, commenting on this point says:

"There is a growing demand for currency from the West, and the old State Bank notes, which, after July, are to be taxed so heavily as to cut off their withdrawal, it is reported from Washington that the State bankers are making efforts to obtain a modification of the law, which should not be altered, but rigidly enforced. The proposition to reduce the amount of National Bank circulation more than $1,000,000 per month, will relieve bankers, but it should be made sooner than January, 1867. Ten per cent reduction should be taken from the banks of each existing failure, as Fifty-Six millions, which, to advantage, be redistributed to the southern States, and those parts of the north and west which have suffered most from the want of facilities in the way of circulation. Thirty millions withdrawn from the excessive amounts floated in the north would make any amount needed in the south, and would not, as to the south is concerned, needless, and would make the whole system sounder, which is much to be desired. The country is full of paper, but life consists in keeping their circulation afloat, and the sooner the system is freed from these the better. Thirty millions taken from the present volume of circulation would be made up by the steady reduction in legal-tenders, which the Secretary of the Treasury is making, will bring their circulating money to the country specially back to a par with National bank notes and legal tenders will be so fully employed that no excess will be found in the hands of the people or of the banks, and a long step will have been made toward specie payments.

New York Money and Stock Market.

NEW YORK, June 15.—The demand for money is very moderate, and the market easy, at gold per cent. The gold market became weaker toward the close of the day, and fell off to 147@148. The engagements for to-morrow's banks only aggregate $2,225,000, but the total shipments will undoubtedly exceed the amount. The market for exchange is lower and prime sixty day bills have sold at 109 per cent. The government securities were quiet and steady this afternoon. The following were the closing prices: Coupons, 1881, 109½@109¾; 10-40 coupons, 95¾@96; 7-30's, 107¾@108; Bank shares are quiet, but very full prices are generally bid. Railway mortgages are generally quiet and steady, the neglect by Boards of the Pittsburgh, Ft. Wayne and Cincinnati road have strongly interested in favor, owing to the fact that the road is to be compelled to Northern connections. The market was steady at the regular board. At last open board Erie was lower, but there was scarcely any change on the balance. Market for petroleum shares was steady, with a small better tone afternoon. Central, 120; Smith's Far, 823; Cannel Coal, 85; Rennebohl Run Oil Company, 60; Maple Shade, 60; Bellmont Run, 17½; Pit Hole Creek, 29.

Money quite easy at 6@7 per cent. Sterling quiet at 109@109½. Gold unsettled and irregular, declining to 145½, and then advancing to 147¾, and closing at the Government stocks firm. Freights to Liverpool dull and nominal for cotton. Flour steady, with sales of 5,000 bbls. St. Paul's preferred, 72; Chicago & Alton, 97; Pittsburgh, Fort Wayne & Chicago, 97; Chicago & Rock Island, 91; Cleveland & Toledo, 104; Michigan Southern, 86; Michigan Central, 86; New York Central, 86; Western Union Telegraph, 36½; coupons, 1881, 109¾; do. 65, 109¾; do. Registered, 95; 10-40's, 95¾; Coupons, 96; Canton Company, 40; do. preferred, 50; Tennessee 6's, 59; New York 7's, Quinty Loan, 102½.

The Commercial's money article says the stock market shows rather more activity and a slight improvement in prices. Erie was firmer, advancing at the close of morning board to 69¾, declining to 69¼ after noon, opening at 69¾, closing at 69¾, and firm; Hudson Central sold at 123½; Reading at 100½; Hudson River at 103; Galena at 103.

Sales of Government securities are steady, the chief activity being at the 7-30's and 6-20's old at 107¾@108. Gold opened firm, at 146½, and advanced to 147¾, declining to 147¼@147½, and closing at less demand for export than was anticipated yesterday. About $2,000 of double eagles are arriving here from Europe, but the premium is inducing the return of gold held in the South. Probably not less than $15,000,000 will be required this week for the purchase of cotton after the close of the week, and a considerable amount of that supply is now coming to hand. The present rate of gold is based upon the supposition that the Europa steamer will report lower quotations for cotton and breadstuffs, and a still graver aspect of affairs in Europe. Should neither of these be realized, it is quite probable that the present holders will realize sales. Foreign exchange is moderately active. More second class bills are offering than at any time for a week past, and the tendency is rather in favor of buyers. There is a good supply of sight bills on the continent, some of which are against shipments of cotton. Rates are upon the whole a shade easier. Nothing is doing in bankers' demand from stock brokers, but must be reported on the whole as dull. The general rates on call, prime commercial paper, and first class acceptances at 90 per cent. for exceptional names, and 9@9½ per cent. for good prime paper.

The Post's money article says the loan market is rather less inactive, but rates still favor the borrower. Call loans to Stock Exchange brokers are 5@6 per cent., and to on government. Commercial paper is in fair demand, and passes at 6@9. The stock market exhibits a better tone. Governments are firm, and have advanced nearly a quarter. Railroad shares are 1@2 per cent. lower, and are attracting more attention. The principal changes are, however, in the 6's of '67, and '68s, and in the 7's of 1859 and 1871. Railroad shares are rather more animated, Rock Island and Erie being the most active after the board; New York Central closed at 86¾; Erie at 69¾; Reading at 100¾; Hudson Central at 123½; Northwestern preferred, 36½; Rock Island, 89¾; Fort Wayne, 97½.

The closing price for stocks were: Canton, 60¾; Mariposa, 24; Erie, 69¾; Western Union Telegraph, 36½; Pittsburgh, 89¾; Rock Island, 89½; Northwestern, 36½; do preferred, 56¾; Gold closed at 146.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, }
FRIDAY, June 15, 1866. }

The produce markets continue quiet and rather dull, though there is, nevertheless, a fair volume of business, in the aggregate, but it is mainly of a local and unimportant character. Its values, there is no change worthy of notice.

ASHES—There is a continued good demand for Pearls, and we can report regular sales at 9c. Pots are still but firmer, owing to the advance in gold. For Potash, the demand is

GRAIN—Wheat is in good demand and firm, with sales of rats Northwestern, in elevator, at $2.26 and 2.30 to 2.40—nominal. Corn is a good supply and dull; sale of 2 cars shelled, in elevator, 80 cents. 50 bush do at St. Oats—1 car in store, 1 car selling at 56; 200 bush in elevator at 58, and 500 bush prime Penna. from

Nominal in Barley or Rye.

PROVISIONS—Bacon is firm and advancing, with sales of rats Northwestern, in elevator, at 19@19½; Shoulders, 15@15½; Sides, 17@17½; Hams, 21@22. For Canvassed Sugar Cured Hams, Lard is firm but unchanged, and is still quoted at 22. Mess Pork is firmer but unchanged.

FISH R—Is firm, with regular local demand. The market is devoid of excitement, and prices remain unchanged. We continue to quote Spring Wheat at 8.50@9.00; half spirits and No. 1 Mackerel at $19@19, and No. 2 Mackerel at $12 @13. Rye Flour is selling at $7@7 per barrel.

MILL FEED—sale of 1 car Middlings at $16 selling in Second, Bran or Shorts, except in a retail way.

GROCERIES—Demand fair and market steady, but prices are unchanged, at 22@23. Rosenpits continue fair.

CHEESE—Sales of Western Reserve at 16½ and Hamburg at Dairy, country Factory. Demand fair and market steady.

POTATOES—Steady and a shade firmer in consequence of a falling off in the receipts. Peach Blows are selling in a regular way from Carmel at $1.75@1.85 per bushel, according to quality.

SEED—Flaxseed is in good demand and is steadily at $2.60@2.70 per bush. No demand for Clover or Timothy Seeds.

HAY—Is scarce and firm, with regular sales at weighed at $20@$22@$26 per ton, as to quality.

OIL—No. 1 Lard Oil is quoted firm with regular sales at $1.80@1.85.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, }
FRIDAY, June 15, 1866. }

CRUDE—The transactions in Crude were again light to-day, but there was apparently a little firmer feeling than yesterday, and there was also a little more inquiry. It cannot be truthfully said, however, that the general tone of the market is any better, as there is nothing in fact to warrant any such conclusion. The advices from the east continue very discouraging, and generally speaking, relatively speaking, is light, while prices remain unchanged at 13 to 15c, bbls returned and barrels, and 18 to 19c bbls included. Sales of 1,000 bbls at 13½@14c, and 500 bbls at 15c. Shipments to-day 1,500 bbls, and receipts 2,000 bbls.

REFINED—Bonded on continues very dull and depressed, and what is worse than all, no encouragements at present of any immediate improvement. We can report a few sales for immediate delivery in Philadelphia at 45c, and 50@50½c for bbls, and 60c for private terms. There is some little inquiry for both present and future delivery, here as well as in Philadelphia, but the figures named is still rejected at 22 and 23c for prime bbls, rendered at 25. Mess Pork is firmer but unchanged.

FISH R—Is firm, with regular local demand. The market is devoid of excitement, and prices remain unchanged. We continue to quote Spring Wheat at 8.50@9.00; half spirits and No. 1 Mackerel at $19@19, and No. 2 Mackerel at $12 @13. Rye Flour is selling at $7@7 per barrel.

MILL FEED—sale of 1 car Middlings at $16 selling in Second, Bran or Shorts, except in a retail way.

GROCERIES—Demand fair and market steady, but prices are unchanged, at 22@23. Rosenpits continue fair.

CHEESE—Sales of Western Reserve at 16½ and Hamburg at Dairy, country Factory. Demand fair and market steady.

POTATOES—Steady and a shade firmer in consequence of a falling off in the receipts. Peach Blows are selling in a regular way from Carmel at $1.75@1.85 per bushel, according to quality.

SEED—Flaxseed is in good demand and is steadily at $2.60@2.70 per bush. No demand for Clover or Timothy Seeds.

HAY—Is scarce and firm, with regular sales at weighed at $20@$22@$26 per ton, as to quality.

OIL—No. 1 Lard Oil is quoted firm with regular sales at $1.80@1.85.

PITTSBURGH WOOL MARKET.

FRIDAY, June 15, 1866.

During the past week considerable sales have been made, and in some districts we hear of some excitement in the market. Fine wools are selling at from 55 to 60 cts., in many cases at half a cent higher than we quoted last week. Medium clips selling above 60, but generally speaking, buyers refuse to pay more than 60 cts. Coarse wools are dragging at 50 cts. Medium grades may be quoted from 55@60 cts. Pulled wools are fluctuating, but not unusual in regard to the condition of wool. Unwashed wools are selling at relatively lower prices than washed wools, and the best washed wools are selling at relatively higher prices than it should be. Growers, therefore, desire to get the highest market rates for their wool, should bear this fact in mind.

New York Produce Market.

NEW YORK, June 15.—Cotton steady at 42 for middling. Flour 5@10c lower for common and inferior grades, and firmer for good me lium brands; $5,800@5.70 for extra state, $5.90@6.50 for extra round hoop Ohio, and $6.75@7.50 for extra Canada, closing heavy at 5@10c lower; sales of 16,000 bbls. Rye flour is heavy, and declining for common; 50 sacks of fresh flour sold to-day at $5 per 196 lbs. Whisky quiet and unchanged. Wheat more active, and 2@3c higher, at $2.35@2.50 for good Chicago spring, $2.50@2.65 for inferior spring, $2.70@2.80 for prime spring, $2.90@3.00 for inferior red winter, $2.95@3.00 for prime do, $3.05@3.10 for amber winter, and $3.15@3.20 for white Genesee. Corn 1@2c better; 90@92c for unsound new mixed western, and 95@97c for sound do. Oats still dull, lower; 68@70c for Canada and Western. Barley firm at 1@2c. Butter quiet, 20@22c for ohio and 24@26c for State. Cheese quiet at 12@13c.

Oswego Market.

OSWEGO, June 15.—Flour firm; sales 1,200 bbls at $5.50@5.75 for No. 2 spring, $5.75@6.00 for No. 1 spring, $6.00@6.25 for extra spring, $5.50 for double extra. Wheat firm; sales 1,000 bush No. 1 Milwaukee club, $2.27; 1,000 bush No. 1 Chicago club at $2.26. Barley and Peas nominal. Rye 90c. Pork $19@20 per bbl. Whisky scarce and nominal. RIVER NEWS.

BOATS LEAVING TODAY.

Nora.....Devinney.....Cincinnati.
Kate Putnam.....Evans.....Louisville.
Louisiana.....Cox.....St Louis.
Pike Bell.....Taylor.....Arkansas River.

The Nora ran on her regular trip at this point during Thursday night and yesterday, and was aided in swelling the evening with a good set one inch in the channel by the pier marks. They swell seems to have resulted from the recent heavy rains along the Monongahela, as the Allegheny is reported as receding all the way up. The weather yesterday was clear and pleasant, being much cooler than for several days previous, and all that could be desired for operations at the landing.

The Lent Leoty, from Parkersburg, is the only arrival we have to report. The Fayette and Cheltian from Brownsville, and the Forest City, from Parkersburg, left for Parkersburg this evening. The Revenue, for Portsmouth, continues in the trade.

A party of pleasure seekers, numbering between fifty and one hundred couple, started up the Monongahela on the Franklin yesterday morning, accompanied by a brass band, and returned late in the evening. The Franklin leaves this line for Fayette, on which occasion and in charge of Capt. Cox, is expected to-morrow in the city. The travel on the part of thousands of the Pittsburgh boats are, seemingly, doing an excellent business. On and after Monday next, the "Providence" Line of Packets have a boat leaving here every evening, excepting Sabbath.

Capt. Hare, of the Citizen, is about contracting for a new boat, on which he will transfer his Citizen's line of packets, and on which Capt. Hare is a very clever steamboat man, and we hope that his new boat will, in every respect, be a success.

The Nora, Capt. Devinney, has her cargo about completed, and will positively leave on Saturday next for Louisville evening, and passengers and shippers should bear this fact in mind. The Kate Putnam, Capt. J. H. Lightfoot, with Mr. J. D. Young in the office, will probably get off for the same points this evening.

The Leonidas, Capt. Frank Marratta, will positively leave for St. Louis this evening. This boat is in charge of Mr. Wm. Hall, and excellent accommodations for passengers and shippers are offered. Apply on board or to

The Fleet Bird, Capt. Taylor, announced for Arkansas River and all intermediate points this evening without fail. Her clean excellent accommodations for passengers.

The K. C. Gray, Capt. Anderson, is announced to leave for St. Louis and St. Paul early next week.

Capt. Clip the following from the Louisville Courier-Journal of Wednesday:

Yesterday Capt. Geo. Evans, of the Louisville and Cincinnati packet Courier, arrived to Pittsburgh and Brownsville for the Kappadan the new boat built expressly for a fighter over Colbert Shoals, Tennessee river. The Courier is a splendid boat, and her light draught of steamboat that ever floated. Her draught at the bow is only six inches, and at the stern less than eleven inches. That she can run through from the mouth of the Tennessee river, to Bermuda and Pink Valley.

We condense the following items from the Memphis Avalanche of June 13th:

The Rose Bamboo has come in from Pittsburgh with a full trip, and will leave for St. Louis this evening. Captain Lou. Bryson is in command. The Ruth Shotwell is also here, leaving for Pittsburgh this evening. Captain John W. Anawalt is in command. Mr. Rob. Bird, a nephew of the Lieutenant Governor of Dakotah Territory, on the 5th of May, of this year. He resided at Wellsville, Ohio. Lieutenant Captain J. C. Boggs having succeeded Captain Oakes as the Emma Floyd, of this port. He returns home this week. The Emma Floyd is now loading with coal, aground on the rocks at the head of the Louisville Canal. The Winchester from Pomeroy, 19 tons.

The Cincinnati Gazette says:

By private letter from Pittsburgh we learn that the general W. A. Caldwell, now at that port. The Louisville Journal, of Wednesday says:

The Lucy Walker, Capt. Wm. Hall, left Cincinnati yesterday for New Orleans, she had four hundred tons freight at Cairo for New Orleans, she had four hundred tons freight at Cairo for New Orleans, she had four hundred tons freight at Cairo
